Risk Disclaimer

For the avoidance of doubt, this risk disclosure does not constitute a full and comprehensive disclosure of all possible risks associated with investing with IBR-Global Markets Ltd.

Forex and CFDs are leveraged products and incur a high level of risk. Due to its speculative nature, forex trading may not be suitable for all investors. Only investors, who understand the economic and legal risks associated with trading, are willing to assume such risks, and who have sufficient funds to bear losses which may exceed margin or deposits, should proceed to invest with IBR-Global Markets Ltd. By doing so, you represent, warrant and agree that you, freely and willingly, understand and assume the risks. Take into account your level of experience and seek independent advice if necessary.

You should not risk more than you are prepared to lose. You should ensure that you are not investing funds that are necessary for your basic survival needs, including, but not limited to, retirement funds. Due to the high leverage and low margin associated with Forex, you may experience significant losses. You accept and agree to take responsibility for, and monitor, your account at all times. We do not guarantee profitable trades or freedom from loss. Ensure that you are aware of, and agree to, any and all additional charges, commissions, or fees for which you may be liable.
